

DEVELOP SKILLS,
IMPROVE CONFIDENCE,
INCREASE ENJOYMENT.

DFS Footy Scholarship

The DFS Footy Scholarship offer includes priority and discounted access to our most popular development pathway programs to the value of over **\$1,200**

“Footy is better when you’re with a mate”

Footy can be so much fun, especially when you have some mates involved. Some of the best memories are made when we’re with our mates doing the things we love.

In addition to priority access to our development pathway programs, we are also offering you to invite a mate – who possesses the same ability, ambition and desire as you.

How good will it be to share this fantastic experience with a friend who loves footy.

We haven’t forgotten about your local club

We understand the vital role your local club plays in providing an environment to allow players like yourself to develop and grow. So we want to reward them as well.

You will go into the draw to win a FREE DFS training session for your local team. We think it’s only fair that the club that has helped nurture and develop you, as well as providing training and matches for you, should also be included in this fantastic development opportunity.
